What is our Partnership Program?

If you're enjoying using Keybate, why not spread the word and get rewarded?

Refer someone to purchase a Keybate licence

The client gets a

5%

**discount on
the licence price**

and

You get up to

25%

**commission on
the licence price**

How does it work exactly?

- **Apply** to our exclusive Partnership Program by sending us an email at partner@keybate.com.
Tell us your story, who your clients are, and about your company.
- You'll receive a **Unique Partnership Code (UPC)** that you can share to all your clients and your friends.
Invite your clients to use that code when purchasing a Keybate Licence.
- Each time someone **purchases a licence with your UPC**, they get a discount and **you get rewarded**.
5% direct discount for the client and up to 25% commission for you. There is no limit; refer as many clients as you want.
- At the end of each month, we calculate all your due commissions, and **we wire it to your bank account** within 30 days.
All your commissions are added up at the end of each month.

How much is the commission?

The commission you receive depends on **the number of licences purchased with your Unique Partnership Code (UPC) each month.**

- For **1 licence** in a month, you get **15%** commission
- For **2-5 licences** in a month, you get **20%** commission
- For **6+ licences** in a month, you get **25%** commission

The commission is applicable for all licences purchased during a calendar month

If 4 licences are purchased with your UPC in a month, you get 20% on all 4 licences.

The commission is recalculated every month.

Example: if 3 licences are purchased with your UPC in January, you get 20% on all 3 of those licences. If you refer 7 licences in February, you get 25% on all 7 licences.

What if I manage the app for my client?

There are **two different scenarios** on how to benefit from our Partnership Program:

- **The client creates their event on Keybate on their own** and use your UPC when purchasing the licence
The client gets a direct 5% discount on the licence price, and you get your commission from us afterwards.
- **Your take care of everything** for your client : you create the event on Keybate, you purchase the licence with your UPC and you charge your client afterwards
You get the immediate discount and the commission (for example, 5% discount and 25% commission equals a 30% discount on the public licence price). You can then charge your client whatever you want, including management and support fees.
Note that licence prices are public on our website.

Here is an example
